

## Technical Data Sheet

---

### PolyClean Tub & Tile Prep

Refinishing Cleaner

#### Description

---

Preparation is half the battle in most resurfacing projects. Skimp on prep and you might just be called back to redo the work. Our Poly Tub & Tile Prep arms you with a top-notch weapon. This remarkably effective phosphoric acid-based detergent emulsifies dirt to remove mold, mineral deposits and even stubborn soap scum. It is safe to use on most any surface. When used properly, this cleaner can also assist in removing surface contaminants from porcelain, steel, tile, Formica, fiberglass, plastic and marble surfaces. Use before etching.

#### PolyClean Tub and Tile Cleaner

- Phosphoric acid-based detergent
- Easily prepare just about any surface (tile, tubs, sinks, countertops, cabinets, cultured marble, china toilet bowls)
- Use before etching

#### Laboratory Data

#### Typical Properties

Appearance	Clear Syrupy Liquid
pH	~1.5
Specific Gravity	1.69

#### Application

---

Wet the surface of the bathtub (or other porcelain or ceramic surface) with water. Pour 3 to 4 ounces of Poly Tub & Tile Prep in the center of the bathtub. Scrub the entire surface with a 3M scrub pad or work sponge. Give the surface a good scrubbing between 3 to 5 minutes, then rinse the Poly

Tub & Tile Prep down the drain with cool water. Dry the tub with a towel and make sure the surface is clean and free of soap scum or other contaminants before proceeding.

## Surface Preparation

Surface must be free of any contaminants such as silicone, oil, grease, etc. Use NAPCO's Silicone Digestor prior to using Poly Tub & Tile Prep if silicone is present.

## Mixing Instructions

The NAPCO Poly Tub & Tile Prep does not need to be mixed; it is ready to use right out of the container.

## Temperature/Humidity Considerations

Application temperatures between 50°F and 90°F are recommended for best performance.

## Notes and Precautions

Refer to the SDS before use. Wash face, hands and any exposed skin thoroughly after handling. Do not eat, drink or smoke when using this product. Do not breathe dust/fume/gas/mist/vapors/spray. Wear protective gloves/protective clothing/eye protection/face protection.

## Storage

Protect from moisture. Protect from freezing. Protect from direct sunlight. Keep in a dry, cool and well-ventilated place. Keep away from heat. Store locked up and out of the reach of children.
